Liberty Fruit Co. Inc.
1247 Argentine Blvd.
Kansas City, KS 66105

Dear Scott Danner:

Silliker, Inc. wants to take this opportunity to thank you for your business as one of our valued auditing customers. We know you have a choice in your third party auditing companies and we continue to work hard to provide you value in your choice of Silliker.

We are happy to present to you and your staff a "Certificate of Recognition" for your achievement on your recent Silliker, Inc. audit. For those customers that achieve a score of 88 or greater, we provide a certificate recognizing their efforts. The colored certificates are suitable for framing and provide you a tangible tool of your food safety verification program to share with your customers. The certificate states your company "...has been found to have an acceptable program for maintaining and improving its food safety and quality practices". The three categories include:

Gold Certificate	Score of 97 or greater
Silver Certificate	Score of 93 to 96.9%
Bronze Certificate	Score of 88 to 92.9%

Additionally, Silliker awards a Platinum Achievement Award to the top 10 audit customers obtaining the highest audit scores, among the thousands of audits performed during the year. The Platinum award is a plaque suitable for display and is presented in the following calendar year.

We value you as our customer and congratulate you on your food safety accomplishments.

Sincerely,

Blythe Chavarria
Audit Services Representative
